ALVIN K. HELLERSTEIN, UNITED STATES DISTRICT JUDGE:

Sufficient relevance having been shown, Defendants' motion for reconsideration of this Court's July 8, 2014 order is granted. Upon reconsideration, Plaintiff shall produce documents relating to patent valuation, except for specifically identified documents or portions thereof that reflect questions to attorneys for legal advice and legal responses thereto. The documents otherwise are not privileged, and are not work product.

The parties shall review Plaintiff's privilege log in relation to these rulings and advise me what, if any, disputes remain.

The Clerk shall mark the motion (Doc. No. 148) terminated.

SO ORDERED.
